MANY BENEFITS

FULLY AUTOMATED

Less effort, more comfort. Fully automated, it elevates and lowers using a key to eliminate any handling effort.

2 IN 1

COVANA combines the benefits of a gazebo and a hot tub cover in just one innovative product, allowing you to make the most of your spa in all seasons.

SAFETY

The COVANA safely locks, fully covers and secures your hot tub, allowing full control of who accesses the spa.

INTIMACY

The optional retractable shades give a pleasant feeling of intimacy and protect against the elements.

GREATER ENERGY SAVING

Water-tight seal minimizes water evaporation therefore saving water, energy and maintenance products costs. Moreover, its above-industry standard insulation value makes it the most efficient cover on the market.

DURABILITY

The COVANA cover will last as long as your spa, thanks to its aluminum structure, its rigid, seamless ABS thermoplastic hardtop or high efficiency fiber reinforced XPS core thermal element.

INNOVATIVE DESIGN

Our products give you the flexibility to transform your outdoor space. When open, they will complement your backyard; when closed, they will not obstruct your garden view.

UNIVERSAL

The COVANA products are compatible with most brands and sizes of hot tubs. Everything is intended to make your life easier.

TOTALLY RELIABLE

Durable, built-to-last design protects against both hot and cold harsh weather as well as harmful ultraviolet radiation.
