

HOT TUB SANITIZATION

REDISCOVER *the simple joy*  
OF OWNING A HOT TUB

## THE ALTERNATIVE WAY TO SANITIZE

Hot tub owners shouldn't have to be weekend chemists. So we created a fresh approach to clean water using proprietary Fresh Mineral Water Technology. You'll find it in all of our FROG products —and it offers these four advantages:

**CLEANER** because it kills bacteria two ways—with minerals and a low level of bromine or chlorine

Minerals help keep the pH balanced for **CLEARER** water that shines

Minerals condition the water for a **SOFTER** feel

Cartridges are pre-filled for no mess, no guess, no stress, making maintenance **EASIER**
