

# FROG Leap® Wake-Up!®

for start-up in the spring

**Depth Charge®**  
removes  
contaminants to  
keep water  
crystal clear.

**Reveille®**  
sets your initial  
chlorine level so  
Torpedo Pacs  
last longer.

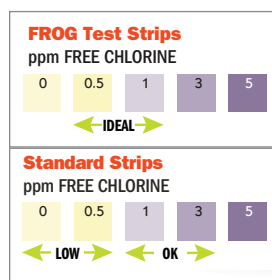

**All-Out®**  
prevents algae  
with a 90-day  
guarantee!

# and FROG Leap® Hibernation!®

for winterizing your pool in the fall!

## Why FROG® Test Strips?

Ideal FROG® Range

Their OK Range  
is TOO High!

- It's the only way to ensure Fresh Mineral Water
- It's the only strip with the ideal chlorine range for FROG Leap pools
- Most test strips show this level as too low, causing confusion
- FROG Test Strips help dial in the right setting for your pool
- The result: Your Torpedo Pac will last up to 50% longer!
- Using standard test strips can lead to over chlorination and wasting money.

# Fresh Mineral Water Easy®

FROG Leap® for pools up to 25,000 gallons

# Cleaner, Clearer, Softer.

# It's Easier too!

# Fresh Mineral Water Easy®

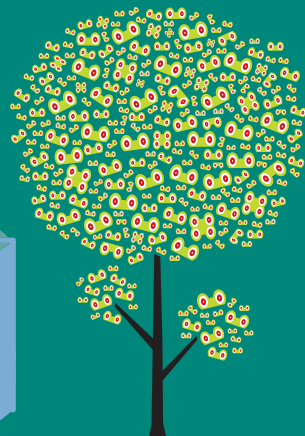

**FROG LEAP®**  
For Pools up to 25,000 Gallons

## Cleaner

The enemy is bacteria

FROG® destroys bacteria 2 ways with minerals and low levels of chlorine for an ultra clean pool and hot tub

## Clearer

Helps maintain pH balance and uses up to 50%\* less chlorine for better water clarity

## Softer

Minerals condition the water for softness so it's easier on you and on your pool and hot tub with no faded swimsuits or smelly odors

## Easier

You never touch chemicals with pre-filled containers that last longer for less work and are recyclable when empty

**THE FROG LEAP INFUSER®**  
Easily installs and controls the water flow. For use up to 25,000 gallons.

**FROG LEAP ANTI-BAC MINERAL PAC®**  
Maintains clearer, cleaner, softer water with much less chlorine. Lasts 6 months.

**FROG LEAP TORPEDO PAC®**  
Provides a long lasting low-dose of chlorine pre-filled for no mess.

**FROG LEAP ALL-OUT®**  
Enhances mineral water with a 90-day algae protection guarantee.

**CHLORINE LASTS**  
**2X LONGER**  
WITH FROG MINERAL SYSTEMS®

**25% MORE**  
Water Polishers

\* Compared to the minimum EPA recommended chlorine level of 1.0 ppm for a stabilized swimming pool.
