

# Above Ground Liners

There are a lot of above ground liners on the market these days. At Merlin, our goal is to provide a liner of superior quality, using only North American made vinyl. We do not import vinyl from countries whose formulation and quality standards are not regulated like our own. Merlin above ground liners are designed and manufactured in the United States and are made to last. Backed by a 15 year pro-rated warranty, Merlin above ground liners are subjected to the same strict quality inspections as their in ground liners and are designed to fit perfectly and provide years of swimming pool fun!
