The summer is yours to discover with a new, refreshing lifestyle...right in your own backyard.

The Optimum's versatile range will fit any backyard.

Whether you choose an above, semi or in-ground pool installation, the Optimum will enhance your home, your backyard, and the pleasure you and your family will find for years and years to come. There is simply no pool that is as affordable and versatile as the Optimum pool, with its beautiful and simplistic design, the Optimum compliments your yard with a clean and streamlined look with no obtrusive uprights.

ABOVE GROUND

SEMI IN-GROUND

IN-GROUND

Unsurpassed Strength

Not only does the Optimum yield a considerably higher strength than the competition, it is welded with higher grade alloys and standards.

It is made strong using aerospace engineering technology and the finest marine grade materials.

Advanced Construction

Environmentally safe 3M water based adhesive, complete coverage

Thermal insulation retains heat, reduces costs

High strength aluminum alloy

Easy Assembly

Wall panels locked together with high grade aluminum splines

Your above ground pool has been designed to provide you with years of safe, family fun. This entails that water safety must always be taken into account. When used incorrectly, your above ground swimming pool can be dangerous; above ground pools are shallow, and this makes diving and jumping unsafe. To ensure your above ground pool is used safely you must observe the safety precautions that are provided to you when you purchase an above ground pool and conform to all local regulations. © Copyright 2016
