iCHLOR™
SALT CHLORINE GENERATOR

TRADEGRADE
BY PENTAIR

**SMART TECHNOLOGY FOR HEALTHIER,
PURER POOL WATER**

Ordinary table salt.
Extraordinary technology.

The chemistry behind the iChlor™ Salt Chlorine Generator makes it so simple to use—just add salt to generate all the chlorine your pool needs. Our smart technology provides built-in intelligence for unmatched convenience and control. Touchpad controls enable fast checking of salt levels, chlorine output and cell life. Plus, iChlor makes it easy to set and adjust chlorine levels, reducing the need for repeated testing and upkeep.

iCHLOR WITH SMARTSENSE™ DETECTION

Our advanced features deliver consistent operation and important safeguards to protect your family.

Detects your automatic pool cover

Reduces chlorine output when the automatic pool cover is closed.

iChlor with SmartSense Detection

Detects IntelliFlo® Pump activity

Prevents the generation of chlorine when the pump is not activated.

UNMATCHED CONVENIENCE

Keep your pool water clear and inviting with electrolytic chlorine generation—the easiest, most effective and convenient way to maintain your pool. You get the same sanitation performance as manual chlorine addition without all the drawbacks.

No more buying, carrying, storing or handling chlorine.

No more spills, odor, stinging eyes or irritated skin.

No more bleached-out bathing suits.

EFFORTLESS CHLORINATION

Simply adjust the output to achieve the precise level of chlorine. iChlor does the rest, automatically producing a steady stream of pure chlorine for softer, silkier pool water that's free of bacteria and other contaminants. What could be easier?

SALT

iCHLOR

KILLS ALGAE & BACTERIA

CHLORINE

Easy Setup
Adjust your sanitizing level in 1% increments from 1-100%. Push the button, and you're done.

Smart Design
Automatic reverse cycling helps prevent scale build-up. And, unlike its competitors, the electronics are isolated in the cell and away from high-heat components for more dependable performance.

Two Model Sizes
Choose from two model sizes to meet your pool chlorination needs. Sizing is based on pool capacity in gallons:

Available Models
• iChlor 15 (0.6) for pools up to 15,000 gallons.
• iChlor 30 (1.0) for pools up to 30,000 gallons.

Fact Center
• Indoor/outdoor, vertical/horizontal installation.
• 115/230V, 50/60Hz power center.

Once the chlorine has finished purifying the pool of contaminants, it reverts back into dissolved salt and the cycle repeats.

iCHLOR™
SALT CHLORINE GENERATOR

AUTOMATION READY

For ultimate convenience, the iChlor Salt Chlorine Generator seamlessly interfaces with Pentair IntelliTouch® and EasyTouch® Automation Systems.

ADDED CONVENIENCE AND CONTROL

With its user-friendly controls and displays, iChlor lets you make adjustments simply by pushing a button. When using with automation and the ScreenLogic2® Interface, control it from anywhere at any time via your computer, tablet or smartphone. Now also compatible with the Apple Watch® for wrist-wearable convenience and with the Amazon Echo™ for hands-free voice control.

Find out why the iChlor Salt Chlorine Generator is the best chlorinator for your pool at **pentairpool.com/ichlor**.

AN ECO SELECT® BRAND PRODUCT
The iChlor Salt Chlorine Generator has earned the Eco Select brand distinction from Pentair for its efficiency and environmentally friendly performance.
